## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 7-11,15-23,26-31 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art cited does not recite in combination a body for receiving at least one battery a head assembly that includes a lamp the head assembly removably attached to the body and capable of selectively electrically connecting the lamp to each battery, a base in pivot connection with the body the base having a pivot stop to facilitate desired angular adjustment of the light wherein the pivot connection is located substantially between at least one battery and the head assembly; a body, a lamp, a switching assembly, a base portion in pivot connection with the body, the pivot connection allowing angular adjustment of the body and a head fitting means affixable to the base portion; a body, a head assembly for retaining a reflector and lamp, the lamp selectively connected to the at least one battery to cause the lamp to emanate light and a reflector movable relative to the lamp whereby axial movement of the head assembly causes axial movement of the reflector together with the lamp and further axial movement of the head assembly toward the at least one battery causes axial movement of the reflector relative to the lamp.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
